DRIVING DIRECTIONS TO CLIFFHOUSE

Cliffhouse, Cousin's Cove, Nr Lucea, Hanover, Jamaica
House telephone: 001 (896) 956 6076

After leaving the airport you need to head through Montego Bay and out towards the A1 and then follow the road signs to Negril and Lucea. The road is a quite new and follows the coast going through the small towns of Hopewell and Sandy Bay before reaching Lucea.

Continue on the A1 through Lucea and following signs to Negril.

At about 6 kilometers from Lucea you will be aware of driving through a man made cutting and immediately past this is a village on your right called Lances Bay.

You cross a bridge and round a corner and on the left hand side is a largish restaurant/ bar and another smaller one next to it called Bubbles. You are now on a long straight road and after 2 kilometers on your left had side is a turning, with a hand painted sign, reading "Ron's Arawak Bat Cave", immediately to the right of this sign is a turning into a slip road.

Set back some 10 meters are 2 stone gate pillars with silver aluminum bar gates.

This is the entrance to Cliffhouse, you have arrived.

Go through the gates, O'Neil house is at the front of the property, continue up the drive until you reach the villa.

The trip should take about 40 minutes.

**If you need help at any point just call O'Neil, our villa manager on his mobile
